

We, AFFELDT Maschinenbau GmbH, are a globally operating company that plans, develops and produces state-of-the-art packaging lines for a wide variety of products such as fruit and vegetables, baked goods and confectionery, printed products, frozen products and other food and non-food items.

For our location in Neuendorf near Elmshorn we are looking for the next possible date for a committed

Design engineer specialising in project planning (m/f/d)

Your Tasks:

- Project planning of systems and layout creation
- Checking enquiries for technical feasibility and developing alternative solutions if necessary
- Co-operation and coordination with interdisciplinary teams, R&D, automation, production, procurement and assembly
- Moving in the field of tension between finding technically optimised and market-driven solutions
- Coordinating with suppliers of external units
- Creation of parts lists for cost calculation
- Technical support from the sales team
- Checking customer-specific requirements

Your Profile:

- Completed university degree in mechanical engineering
- Alternatively, completed technical vocational training in conjunction with further training as a technician (m/f/d) and several years of professional experience
- Professional experience in the field of plant design or in the field of mechanical process engineering
- Good knowledge of 3D design tools (Solid Edge) and PDM systems
- Occasional willingness to travel
- Good written and spoken English

We offer:

- Down-to-earth and familiar working environment
- Flat hierarchies and short decision-making processes
- Home office options
- Company fitness programme with EGYM Wellpass
- Bicycle leasing
- Corporate benefits
- 37-hour week and 30 days holiday
- Company parties

Are you looking for an opportunity to develop yourself in a future-proof working environment? Do you enjoy your work and inspire others? We offer you the chance of a varied, challenging job in an internationally orientated company.

Interested? Then please send your application by e-mail, stating your possible starting date and salary expectations to:
