

We, AFFELDT Maschinenbau GmbH, are a globally operating company that produces the most modern packaging lines
packaging lines for a wide variety of products such as fruit and vegetables, bakery and confectionery
confectionery, printed products, frozen products and other food and non-food items.
developed and produced.

For our location in Neuendorf near Elmshorn we are looking for the next possible date for a
committed

Mechatronics technician (m/w/d)

What are your tasks with us?

- Assembly and electrical installation of assemblies and machines in the factory
- Setting up and commissioning our machines at our premises and at the customer's site
- Assembly and wiring of control cabinets according to design documents
- Electrical installation of our systems in the field of mechanical engineering
- Carrying out and documenting functional tests, electrical safety tests and measurements
- Training our customers' employees

What do you bring with you?

- Completed vocational training as a mechatronics technician / electrician for industrial engineering or a comparable electrical engineering apprenticeship
- Structured, solution-orientated and customer-oriented way of working
- Knowledge of English is an advantage
- Occasional willingness to travel
- Motivation, flexibility and team spirit

What do we offer you?

- Flexible working hours
- 37 hour week
- 30 days holiday
- Flat hierarchies
- Holiday and Christmas bonus
- Capital-forming benefits
- Company fitness programme with EGYM Wellpass

We are looking for motivated employees with the right attitude, who ideally have experience in the above points. Are you looking for an opportunity to develop yourself in a future-proof working environment? Do you enjoy your work and inspire others? We offer you the chance of a varied, challenging job in an international company.
internationally orientated company.
